---

Dear Dion's Customer,

I recognize that you are being bombarded with information about COVID-19 through many different channels and I want to briefly let you know how we are responding at Dion's.

First and foremost, the health, safety, and well-being of our employees and customers is our number one priority. At the top of our list of preventative measures, are reinforcing proper and frequent hand washing, and requiring employees to stay home if they are ill.

While we are always diligent when it comes to cleaning, sanitizing, and food safety, we have implemented additional processes that are the primary focus of our management team. Examples of these actions include increasing bathroom sanitizing, and cleaning countertops, tables, chairs, booths, highchairs, and door handles frequently throughout the day.

I want you to know that we will diligently work to keep our employees and customers safe. We will listen, adapt, and communicate as events unfold. In the meantime, please know we are open for business, and our drive-thru windows remain a fast and easy option for those looking to avoid crowds.

Thank you,

Mark Herman  
CEO
